

### PRODUCT INFORMATION

#3260

ETS – **Aircraft Cockpit Cleaner Tissue Wipes**, are impregnated with ETS - **Aircraft Cleaner** (confirmed with MC-Douglas, Airbus, Boeing, NATO and Military PRF - specifications) and specially designed as “**ready to use**” for **easy quick cleaning-degreasing** of surfaces unsuitable/dangerous for spray applications inside cleaning of aircraft/helicopters, as well as cleaning of aircraft instruments, switches, monitors and panels.

We recommend to re-treat the cleaned surface with wet towel/cloth and dry with soft cloth/ paper to obtain the shiny results. **The Aircraft Cockpit Cleaner Tissue Wipes** are re-useable by wetting it again simply with clear water.

Furthermore ETS - **Aircraft Cockpit Cleaner Tissue Wipes** are also available with ETS - Economic concentration for 100% degreasing and cleaning for home use or any other industry.

As for as you notice in the MSDS (Material Safety Data Sheet), it is recommended to wash hands with any kind of soap to degrease the skin and skin care- protective lotion/cream prior to use.
