

## PRODUCT INFORMATION

#2184

Economic Universal is a very powerful universal cleaner that can be used for all possible cleaning and degreasing operations. ETS Economic Universal was specially designed to meet the most stringent regulations. The product is solvent free and waste water friendly. The product was developed at the request of experts engaged in the business of commercial, military aircraft maintenance and ground handling equipment. The high Ph value (>12) of the product produces a vigorous and efficient cleaning effect. The product will not affect aluminium as it contains special inhibitors to enable safe application. In addition to its non-corrosive qualities, the product is highly appreciated by users world-wide in the aviation industry for its optimal performance. Depending on the level of contamination to be removed, the product may be diluted with water, as shown below. Watery part can be drained in to sewage system, product is not subject to dangerous goods labeling and regulations. Can be used in high and low adapted cleaning equipment as well as in vapour cleaning machinery. Can be applied with automatic mixing equipment as well as manually. Economic Universal is also the product to use for the cleaning of the carpets outside the aircraft (in the hanger) with big carpet cleaning machines.

### Advantages:
